## CRANE & SUSTAINABILITY

Crane USA is dedicated to your environment both inside and outside your home. We know if cleaned and maintained properly, our products last for years helping to reduce unnecessary use of resources and emissions making new products.

The Crane manual you are holding is from recycled materials with no added finishes or harmful dyes. If the fan should no longer operate, please be sure to dispose of the unit in an environmentally friendly way by taking it to a public collection point.

**PLEASE DO NOT PLACE BROKEN FAN WITH  
YOUR REGULAR HOUSEHOLD WASTE.**

# IMPORTANT SAFETY INSTRUCTIONS

**WARNING!** READ AND SAVE THESE INSTRUCTIONS. Failure to follow all of the instructions listed below may result in electric shock, fire and/or serious personal injury.

1. Always turn the air purifier and bladeless fan off before removing the plug from the outlet. **NEVER PLUG IN OR UNPLUG WITH WET HANDS.**
2. Always turn the air purifier and bladeless fan off and unplug it immediately after using and before cleaning.
3. To protect against electrical hazards, do not place the air purifier and bladeless fan in water or other liquids. Do not allow the fan to become wet or damp. Do not store the fan where it can fall into water or other liquids.
4. Do not attempt to repair or replace any part of your air purifier and bladeless fan unless it is specified in this manual. All other services should be referred to a qualified technician.
5. Use only a 220V AC outlet. **ALWAYS plug and unplug unit with dry hands to avoid electric shock.**
6. Do not remove the round grounding prong from the plug.
7. Do not plug other appliances into the same outlet; it can overload the circuit and cause a fire or electric shock.
8. Be sure to remove all packing materials from the air purifier and bladeless fan before use.
9. Do not store the air purifier and bladeless fan unattended when it is plugged in. Turn the fan off when leaving it for an extended period of time.
10. Use the air purifier and bladeless fan only for its intended use as described in these operating instructions.
11. Do not operate any appliance if its cord or plug is damaged, after the appliance has malfunctioned, or after it has been dropped or damaged in any way. Always follow the warranty instructions.
12. Ensure the power cord is plugged firmly and completely into the outlet.
13. Do not start or stop operation by plugging in or unplugging the power cord, **ALWAYS** use the device controls.
14. Place air purifier and bladeless fan on a flat, level surface to avoid it overturning.
15. Never drop or insert any object into any opening. Do not insert any objects into the fan as it may cause electric shock or damage.
16. Close supervision is necessary when any appliance is operated near children. **DO NOT let your child play with this appliance.** Serious injury and electrocution may be possible. This appliance must be operated by an adult. Children should be supervised to ensure that they do not play with this fan or the packaging.
17. Do not use this or any appliance near flammable gasoline, benzene, thinner, etc.

## SAVE THESE INSTRUCTIONS!

# GENERAL SAFETY INSTRUCTIONS

**WARNING!** Read and understand all instructions. Failure to follow all instructions listed below may result in electric shock, fire or serious personal injury. The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the user that common sense and caution are a factor which cannot be built into this product, but must be supplied by the user.

## SPECIAL INSTRUCTIONS

- To avoid a circuit overload when using this product, do not operate another high-wattage product on the same electrical circuit.
- Avoid the use of extension cords because the extension cord may overheat and cause a risk of fire.

## SAVE ALL INSTRUCTIONS!

**CAUTION:** A short Power Supply Cord is provided to reduce the risk of personal injury resulting from becoming entangled in or tripping over a longer cord. Extension cords are available from local hardware stores and may be used if care is exercised in their use. Avoid using an extension cord as it may overheat and cause fire.

## ELECTRIC POWER

If the electric circuit is overloaded by other appliances, your fan and/or appliances may not operate properly. The fan should be operated on a separate electrical circuit from other operating appliances.

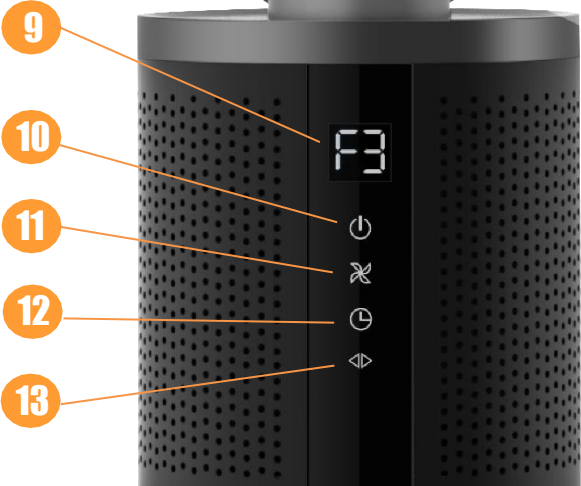

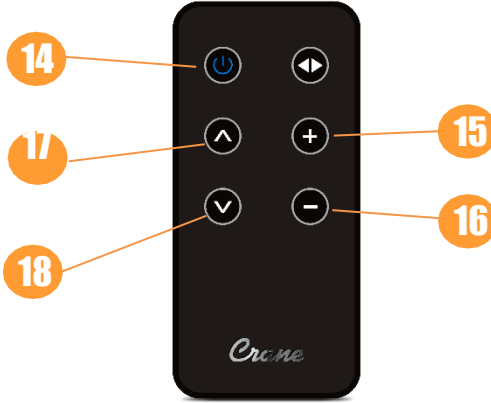

## SAFETY WARNING

Although your air purifier and bladeless fan is easy to operate, for your safety, the below warnings must be followed:

1. Do not place the air purifier and bladeless fan near a heat source.
2. Never leave the air purifier and bladeless fan unattended while connected to the electrical outlet.
3. To avoid any accidents, never place hands on vents or sides when the appliance is in operation.
4. Use the air purifier and bladeless fan on a stable surface away from water.
5. Do not unplug from the socket by pulling on the power cord.
6. The air purifier and bladeless fan must be unplugged:
  - A. Before any cleaning
  - B. After each use
  - C. If it appears to be faulty
  - D. Do not clean the unit with water
7. Do NOT use gasoline, benzene, thinner, harsh cleaners, etc., as they will damage the fan.

**THIS PRODUCT IS INTENDED FOR HOUSEHOLD USE ONLY.**

<p><b>FIGURE 2: Control Panel</b></p> <ol style="list-style-type: none"> <li>9. LED Display</li> <li>10. Power</li> <li>11. Fan Speed</li> <li>12. Timer</li> <li>13. Oscillation</li> </ol>	
<p><b>FIGURE 3: Remote Control</b></p> <ol style="list-style-type: none"> <li>14. Power</li> <li>15. Timer + (add time)</li> <li>16. Timer - (decrease time)</li> <li>17. Raise Fan Speed</li> <li>18. Decrease Fan Speed</li> </ol>	

# OPERATION & USE

**REMOVE plastic covering from the filter before the first use.**

The air purifier and bladeless fan may be operated by the control panel (as shown in figure 2) or by your remote control.

Place the fan in the desired location on a flat and stable surface. Plug in the Air Purifier and Bladeless fan.

**Note:** The air purifier and bladeless fan is now in standby mode.

## Power (ON/OFF)

To turn the unit power on, **press the**  **key** to turn on the power. The fan starts at the F5 speed level. Touching the key again will stop the unit.

## Fan Speed

While the unit is on, **press the**  **key** to adjust the fan speed to desired level (F1 to F9 level). The speed setting is displayed on the LED display.

Press the  or  on the remote control to raise and lower the fan speed.

## Oscillation (LEFT/RIGHT)

While the unit is on, **press the**  **key** to allow the fan to oscillate left and right. To stop the oscillation, press the key again.

Press the  on the remote to turn the oscillation on and off.

## Timer

While the unit is on, **press the**  **key** to set the timer. You can set the time between 15 minutes and 12 hours. Each touch of the key will increase the timer.

**Note:** the first press of the  will start the timer at 15 minutes. Each press of the (timer icon) will raise the time: 15 minutes, 30 minutes, 45 minutes, 1 hour-12 hours.

**Press the**  **button** on the remote control and the LED display will show 6h and the air purifier and bladeless fan will shut off after 6 hours. Press the  again to increase the time by 1 hour up to 12 hours. Press the  after 12 hours and the timer function is cancelled.

**Press the (icon) button** on the remote control and the LED display will show 5h and the air purifier and bladeless fan will shut off after 5 hours. Each press of the  again to decrease the time down to 15 minutes. Press the  again after 15 and the timer function is cancelled.

Press the  key on the control panel **or** the  button on the remote control to cancel the set timer function.

## REPLACING THE HEPA FILTER

The life of the filter will vary depending on the air quality and usage.

1. Gently pull the tab on the filter door to access the HEPA filter
2. Remove the filter by pulling the filter towards you.
3. Discard the old HEPA filter.
4. Insert the new HEPA filter into the unit by sliding it into place.
5. Replace the filter door and gently push until fully closed.

DO NOT ATTEMPT to clean the HEPA filter.

## MAINTENANCE

### CAUTION:

**Always be sure that the air purifier and bladeless fan is switched OFF and unplugged. Do not immerse air purifier and bladeless fan in water or allow water to drip into the interior of the air purifier and bladeless fan, as this could create an electric shock hazard.**

### CARE AND CLEANING

1. Always turn off the air purifier and bladeless fan and disconnect the cord from the electrical outlet before cleaning your fan.
2. Light accumulated dust may be removed from the air purifier and bladeless fan with a soft cloth.
3. Clean the outside of the air purifier and bladeless fan by wiping with a damp cloth and buff with a dry cloth.  
**DO NOT** use any detergents or abrasives and do not allow any water to enter the air purifier and bladeless fan.  
**DO NOT** allow water to run into the interior of the air purifier and bladeless fan as this could create a fire or electric shock hazard.
4. NEVER use ALCOHOL or any other solvents to clean the air purifier and bladeless fan.

### Storing

1. Store the air purifier and bladeless fan in a dry location.
2. Do not place any heavy items on top of the air purifier and bladeless fan during storage as this may result in possible damage of appliance.
3. Remove the battery from the remote when storing the air purifier and bladeless fan.

### BATTERY REPLACEMENT

1. Keep batteries out of reach of children. Should a child swallow a battery, consult a doctor immediately
2. Do not recharge or dispose in fire.
3. Keep in a dry and cool place.
4. Insert battery in right direction
