CRANE & SUSTAINABILITY

Crane USA is dedicated to your environment both inside and outside your home. We know if cleaned and maintained properly, our products last for years helping to reduce unnecessary use of resources and emissions making new products.

The Crane manual you are holding is from recycled materials with no added finishes or harmful dyes. If the humidifier should no longer operate, please be sure to dispose of the unit in an environmentally friendly way by taking it to a public collection point.

PLEASE DO NOT PLACE BROKEN HUMIDIFIERS WITH YOUR REGULAR HOUSEHOLD WASTE.

IMPORTANT SAFETY INSTRUCTIONS

WARNING! READ AND SAVE THESE INSTRUCTIONS. Failure to follow all of the instructions listed below may result in electric shock, fire and/or serious personal injury.

1. It is advisable to carry humidifier with two hands. Always lift the humidifier by the base.
2. **DO NOT operate outdoors. This humidifier is intended for indoor use only.**
3. Use only clean, cool tap water to fill the Humidifier body (filtered or distilled water is recommended to avoid white dust if tap water is too hard. **DO NOT use hot water.**
4. Always have the Water Tank Cover, Water Fill Cover and Mist Chamber in place while the unit is operating. Place the humidifier so the mist aims away from children, walls, furniture and electrical appliances.
5. Use only a 220-240V outlet.
*** ALWAYS plug and unplug unit with dry hands to avoid electric shock.**
6. Never operate the unit with a damaged cord or plug.
7. Always place the unit on a smooth, flat, lint-free, non-metallic, waterproof and level surface and position unit away from direct sunlight. Keep the cord away from heated surfaces and areas where it could be walked on or tripped over. Unplug the unit when not in use and whenever you clean or move the unit.
8. Do not add medication of any type into this humidifier. Do not cover any openings on the unit or insert objects into any openings.
9. The unit should not be left unattended in a closed room as the air could become saturated and leave condensation on walls or furniture. Leave room door partly open when humidifier is being operated.
10. When cleaning the inside of the humidifier, keep water away from the Fan Vent. **Turn off and unplug the humidifier to wipe the exterior** (except the electrical controls) with a damp cloth.
11. Do not shake, tilt or tip the humidifier or attempt to empty or fill it while it is in operation. Do not place hands in the water while humidifier is operating Do not remove the cover from the unit while it is on.
12. Do not inhale the mist/vapor expelled from the humidifier or drink water from the tank.
13. Unplug the humidifier before cleaning it or removing the water and when not in use.
14. Never use this humidifier in a room where aerosol product are being used or in a room where oxygen is being administered.

SAVE THESE INSTRUCTIONS!

GENERAL SAFETY INSTRUCTIONS

WARNING! Read and understand all instructions. Failure to follow all instructions listed below may result in electric shock, fire or serious personal injury. The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the user that common sense and caution are a factor which cannot be built into this product and must be supplied by the user.

THIS HUMIDIFIER IS NOT A TOY!

Do not let your child play with this humidifier. Serious injury and electrocution might be possible. This humidifier must be operated by an adult only. Children should be supervised to ensure that they do not play with the humidifier.

SAVE ALL INSTRUCTIONS!

CAUTION: A short Power Supply Cord is provided to reduce the risk of personal injury resulting from becoming entangled in or tripping over a longer cord. Extension cords are available from local hardware stores and may be used if care is exercised in their use. If an extension cord is required, special care and caution is necessary. Also, the extension cord must be (1) marked with an electrical rating of 220 V and (2) the cord must be arranged so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

ELECTRIC POWER

If the electric circuit is overloaded by other appliances, your humidifier and/or appliances may not operate properly. The humidifier should be operated on a separate electrical circuit from other operating appliances.

SAFETY WARNING

Although your humidifier is easy to operate, for your safety, the below warnings must be followed:

1. Do not place the humidifier near a heat source.
2. Do not remove any screws from the humidifier, this humidifier does not contain any user serviceable parts.
3. Never leave the humidifier unattended while connected to the electrical outlet.
4. To avoid any accidents, never cover the Mist Lid when the humidifier is in operation.
5. Use the humidifier on a smooth, flat, lint-free, non-metallic, waterproof, and level surface away from water.
6. Do not unplug from the wall socket by pulling on the supply cord.
7. The humidifier must be unplugged:
 - A. Before either filling or emptying the humidifier.
 - B. Before any cleaning or maintenance is performed.
 - C. After each use.
 - D. If it appears to be faulty.

THIS PRODUCT IS INTENDED FOR HOUSEHOLD USE ONLY.

Noise Level	< 35 dB(A)

BEFORE EACH USE:

CHECK HUMIDIFIER PLACEMENT:

Place the Humidifier on an elevated, non-metallic, lint-free, waterproof, level surface at least 2 feet above the floor.

- **DO NOT PLACE ON CARPET OR TOWEL.** The fan vent is located on the back of the humidifier base. The fan vent **MUST NOT** be obstructed.
- **DO NOT PLACE ON WOOD SURFACE** or near furniture that can be damaged by too much moisture.

A NOTE ABOUT HUMIDITY

- To reduce excessive humidity or condensation, especially in small rooms, leave the room door open and adjust mist intensity to the low output setting.
- Too much humidity in the room may allow moisture to accumulate on surfaces where bacteria and fungi can grow. Moisture that gathers may also damage furniture and walls, especially wallpaper.
- Ideal relative humidity level is between 45% and 65%.

CAUTION

- **DO NOT attempt to operate the humidifier without water in the Water Tank.**
- **DO NOT plug or unplug the Power Cord with wet hands as electric shock could occur**

ASSEMBLY & USE

ALWAYS use fresh cool water when operating the humidifier.

Place humidifier on a flat surface.

1. Remove water fill cover and fill with water.
Remove the water tank cover to ensure correct amount of water is added. Do NOT exceed the MAX level mark.

DO NOT fill water all the way to the rim.

DO NOT use hot water.

DO NOT add any oils, medication or salt to the water.

DO NOT fill water into the **FAN VENT**

2. Add 3-5 drops of your favorite essential oils to the aroma pad and place the aroma pad in the Aroma box.
3. Replace the cover onto the main body, making sure it fits together securely.
4. Place water fill cover onto the top of the tank cover.

Caution: Do not attempt to move the humidifier while full Water. Doing so may cause leakage of water.

5. Attach the cord to the back of the humidifier, then plug the cord into a wall socket and turn on the unit by using the Control Buttons.

NOTE: Humidifier will beep one time when the unit is plugged into the power source.

6. To turn the unit power on, **touch**  on the front of the humidifier. The unit starts operation at Cool mist. The indicator light will be **Blue** in Cool Mist mode.

1 Touch- Power on and LOW mist

2 Touch – Medium Mist

3 Touch – High Mist

4 Touch – Sleep Mode

5 Touch- Off

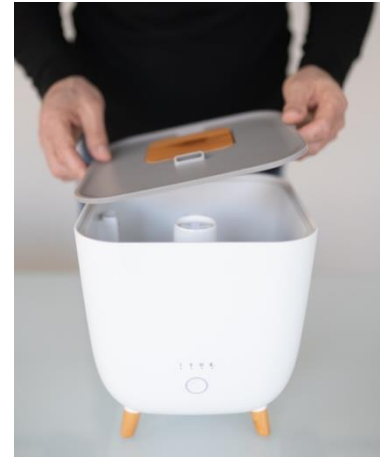

Sleep Mode: The mist will cycle through the intervals listed below:

- Mist for 5 minutes, off for 5 minutes
- Mist for 5 Minutes, off for 10 minutes
- Mist for 5 minutes, off for 15 minutes

Warm Mist: Long Touch  for 3 seconds to turn on warm mist. The indicator light will turn Red when the warm mist is on. Long Touch  3 :  onds to turn off warm mist.

SET THE CORRECT HUMIDITY OUTPUT: Adjust the Control Panel so that the mist rises up to be absorbed by the room air. Do not set the mist output too high, as the mist cannot be absorbed by the air and may accumulate on the surfaces around the humidifier.

7. When the humidifier runs out of water, the humidifier will beep 3 times and the indicator will flash Red 3 times. The unit will automatically shut off.

MAINTENANCE

Cleaning and disinfecting on a regular basis is important for maintaining the performance of your humidifier.

IMPORTANT: Hard water and water left in the tank or base when not in use may result in buildup of mineral deposits and bacteria which may inhibit the output efficiency as well as void the warranty. If water remains in the Water Tank for more than a day or two, bacterial growth is possible.

DAILY MAINTENANCE

1. Turn off, unplug from outlet, remove water tank cover, empty water from water tank base daily, when emptying the humidifier be sure to pour away from the fan outlet.
2. Remove mist chamber by turning the arrow to OPEN in the water tank base.
3. Rinse mist chamber and water tank base with clean water, then allow to air dry
4. Leave mist chamber and water tank cover off the base until ready for next use.

WEEKLY MAINTENANCE

1. Turn off, unplug from the outlet, remove the water tank cover from the water tank base.
2. Remove mist chamber by turning the arrow to OPEN in the water tank base.
3. Remove Aroma pad from aroma box.
4. Fill water tank base half-way with clean water, add 2-4 tablespoons of vinegar and let sit for 20 minutes. Empty base and rinse with clean water. Be sure to empty water in the base away from the fan outlet.
5. Wash the water tank cover, water fill cover and mist chamber with a vinegar and water solution by wiping each piece and rinsing with clean water.

TIP: Gently clean the nebulizer with a damp cloth, soft brush or cotton swab after soaking.

NEVER IMMERSER HUMIDIFIER BASE IN WATER.

STORING YOUR HUMIDIFIER

1. Turn off, unplug from outlet, and empty water from top & base.
2. Follow instructions for weekly maintenance above.
3. Let all parts dry completely.
4. Store humidifier in a cool, dry place.

CRANE CUSTOMER CARE
